

FSCD 2026

Welcome to LISBON!!!

A map of a city area, likely Lisbon, Portugal, showing streets, parks, and landmarks. The text 'The event....' is overlaid in a large, dark blue font on a semi-transparent white rectangular background. The map includes labels for 'Parque Eduardo VII', 'Parque Cristal de Monsanto', 'IC15', 'A2', and 'Lisbo'.

The event....

- 
- 11th International Conference on Formal Structures for Computation and Deduction (FSCD)
 - Taking place on week 1 of the Federated Logic Conference together with CP, ICLP, KR, LICS and SAT (July 20-23)
 - Affiliated workshops either before (18-19) or after (24-25)
 - The registration fees will be announced in early 2026

ORGANIZATION (FSCD):

- Programme Chair:
Frank Pfenning (Carnegie Mellon University)
- Local Conference Chair:
Sandra Alves (University of Porto)
- FSCD Workshop Chair:
Cynthia Kop (Radboud University Nijmegen)
- <https://fscd2026.github.io>

ORGANIZATION (FLoC):

- Local Organization Chair:
Nuno P. Lopes (University of Lisbon)
- Workshop Chairs:
Alessandro Gianola (University of Lisbon)
Bernd Finkbeiner (CISPA Helmholtz Center for Information Security)
- <https://www.floc26.org>
- FSCD will be given a 5k budget for invited speakers
- We can share speakers with other conferences (arranged in advance)

A map of Lisbon, Portugal, showing the Tagus River and surrounding urban areas. Landmarks marked include the Lisbon Zoo, Universidade de Lisboa (University of Lisbon), Museu Calouste Gulbenkian (temporarily closed), and Museu Calouste Gulbenkian. A blue road sign for IP7 is visible. A large, semi-transparent white box with a dark teal border is centered over the map, containing the title text.

The Venue...

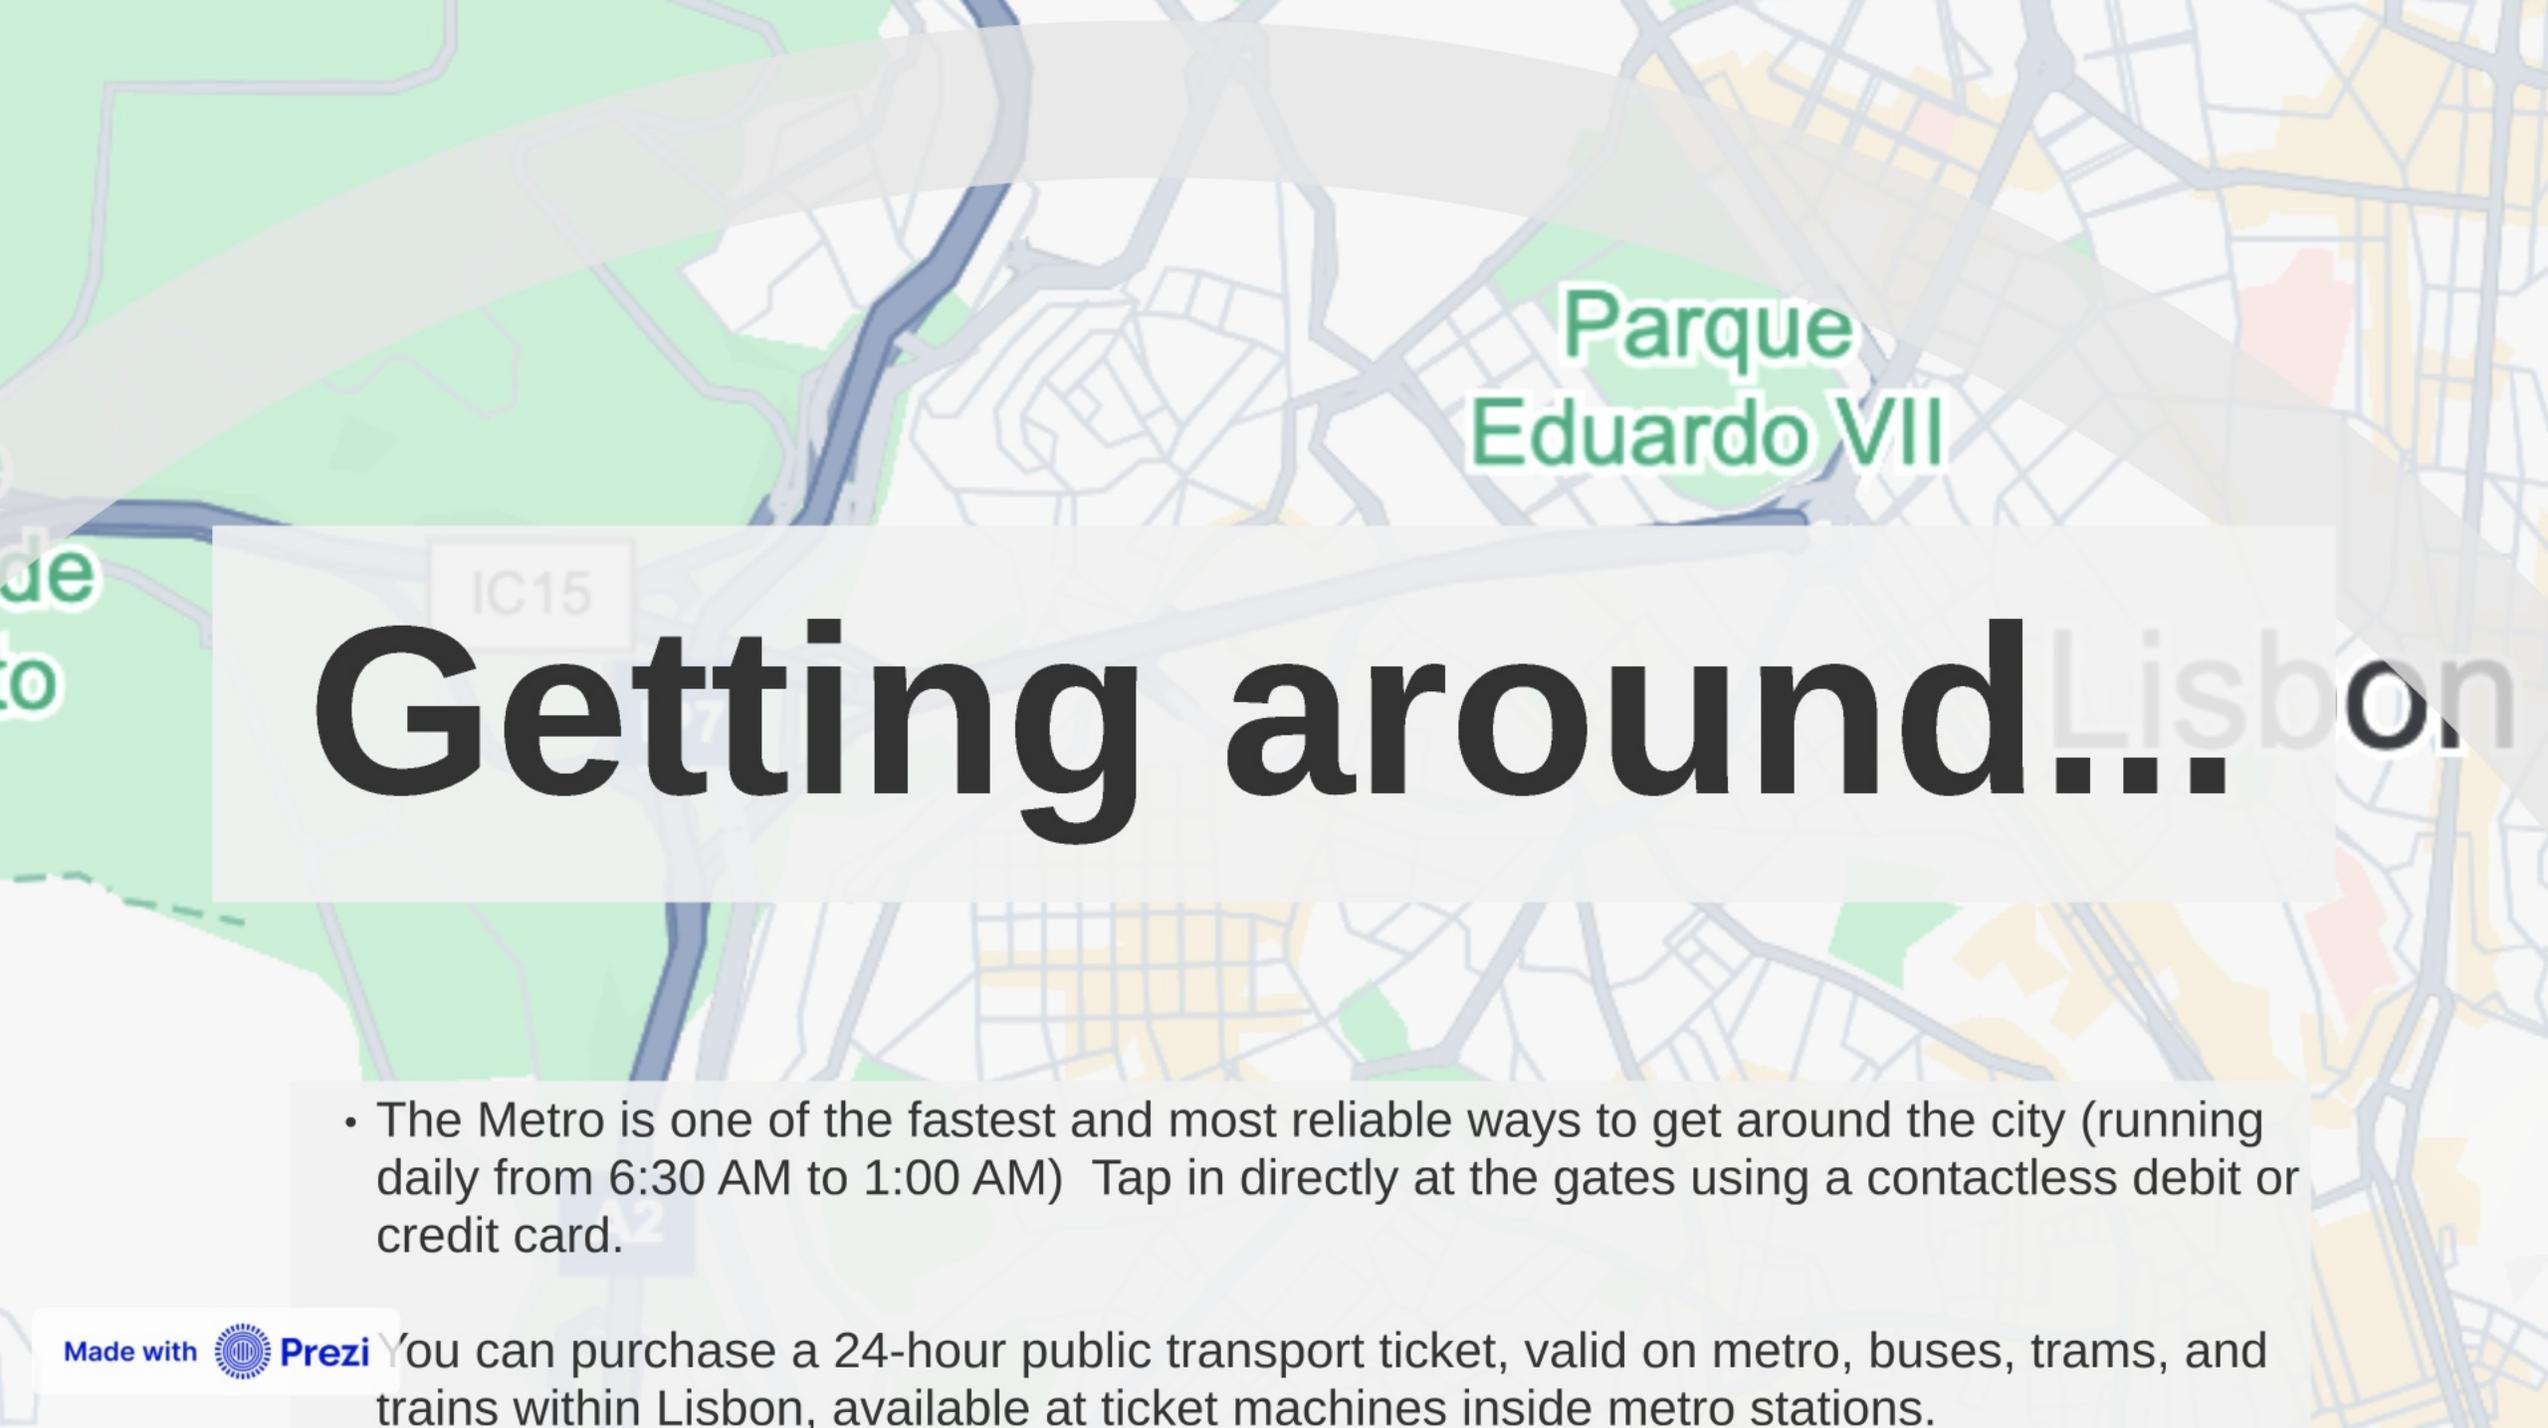

- All conferences and workshops will be held at ISCTE - Building II.
- Building II contains several lecture halls and rooms for workshops
- ISCTE campus is easily accessible by public transportation
- You can take the metro (yellow line) to “Cidade Universitária“ or one of several bus routes

A map of Lisbon, Portugal, showing the city's layout. A prominent road, IC15, runs horizontally across the middle. To the right, a green area is labeled 'Parque Eduardo VII'. The title 'Getting to Lisbon...' is overlaid in a large, bold, black font on a semi-transparent white background.

Getting to Lisbon...

- Humberto Delgado Airport (LIS) is located inside the city and connected via metro (Red Line).

- Humberto Delgado Airport (LIS) is located inside the city and connected via metro (Red Line).
- Additional flight options into Porto (OPO) or Faro (FAO), offering lower-cost international connections. From either city, you can travel to Lisbon by:
 - Train (CP) : ~3 hours from Porto, ~3.5 hours from Faro
 - Bus (Rede Expressos or Flixbus) : ~3–4 hours
- Train arrivals: Lisbon has two main train stations:
 - Oriente: well-connected via metro (Red Line) and close to the airport
 - Santa Apolónia: located closer to the historic city center (Blue Metro Line)
- Bus terminals:
 - Oriente: shared with the train station and metro (Red Line)
 - Sete Rios: accessible via metro (Blue Line, Jardim Zoológico station)

A stylized map of Lisbon, Portugal, showing a network of roads and green spaces. A prominent road, labeled 'IC15', runs horizontally across the middle. To the right, a green area is labeled 'Parque Eduardo VII'. The background is a light grey grid of streets. The text 'Lisbon' is faintly visible in the background on the right side.

Eduardo VII

Getting around... Lisbon

- The Metro is one of the fastest and most reliable ways to get around the city (running daily from 6:30 AM to 1:00 AM) Tap in directly at the gates using a contactless debit or credit card.

Getting around...

- The Metro is one of the fastest and most reliable ways to get around the city (running daily from 6:30 AM to 1:00 AM) Tap in directly at the gates using a contactless debit or credit card.
- You can purchase a 24-hour public transport ticket, valid on metro, buses, trams, and trains within Lisbon, available at ticket machines inside metro stations.
- You can also use the Navegante pre-paid travel card, working across the entire public transport system — including metro, buses, trams, ferries, and regional CP trains.

- Buses and historic trams in Lisbon are operated by Carris. On newer buses you can pay using a contactless debit or credit card. You can always use the Navegante pre-paid travel card.

- You can also use the Navegante pre-paid travel card, working across the entire public transport system — including metro, buses, trams, ferries, and regional CP trains.

- Buses and historic trams in Lisbon are operated by Carris. On newer buses you can pay using a contactless debit or credit card. You can always use the Navegante pre-paid travel card.
- Regional trains connect Lisbon with nearby cities like Sintra and Cascais. Use a Navegante pre-paid travel card or buy a ticket online at CP.pt or at a station.
- Taxis are widely available. Many accept cards, but ask first to be sure. Uber and Bolt are also available.
- You can use travel apps to navigate Lisbon's public transportation. Popular options include: Google Maps, Moovit, and Transit.
